

MARY POPE OSBORNE MAGIC TREE HOUSE®

A GUIDE TO THE SERIES

LOOK INSIDE FOR

- Series Information
- Fun Activities
- Checklist for Kids to Track Their Reading!

2022
EDITION

Thank you for being a Magic Tree House fan!

For thirty years, the **Magic Tree House** books have changed the lives of young readers. With endless possibilities for discovery and imagination, these are often the first chapter books read aloud to kids. Since the first book was published in 1992, the magic tree house has whisked Jack and Annie—and lucky readers!—on many adventures through time and to many different places around the world. **Fact Trackers**, the nonfiction companions to the **Magic Tree House** books, give readers a fun and easy way to find out more about their favorite places, time periods, and subjects.

In 2017, the series was renumbered to better differentiate between the two reading levels: early adventures, perfect for kids who are just starting to read chapter books, and the **Merlin Missions**, which are longer and include more challenging vocabulary—perfect for budding readers. Now, starting in 2021, Jack and Annie's original adventures are being adapted into **graphic novels**, too!

Magic Tree House has something for everyone, including science, sports, geography, wildlife, history . . . and always a bit of mystery and magic!

JACK AND ANNIE'S TIP FOR KIDS:

There are ☒ for you to track all the stories you read! Hint: circle the books you want so your parents and teachers know which ones to get you next!

ARE YOU READY for ADVENTURE?

Let Jack and Annie guide you through this brochure and open your imagination to a fun-filled journey!

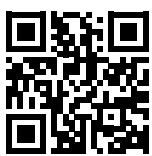

INSIDE THIS GUIDE YOU WILL FIND

- ◆ A catalog of the entire Magic Tree House collection for kids to keep track of all the books they read with check boxes!
- ◆ Subjects are listed under each title so kids can easily choose a book that matches their interests.

For example:

Oceans
Science
Sports

MAGIC TREE HOUSE HOME ADVENTURES!

Have more fun right at home
with this sneak peek at activities
like those you can find in the
Home Adventures activity booklets!

BUILD A BUG HOUSE

Make a home for your insect friends!

WHAT YOU'LL NEED:

- Wood, cardboard, or paper
- Hot glue
- White glue
- Bug-friendly materials

STEP 1:

Go on the hunt for materials bugs love to live in! Gather items like newspaper, sticks, bark, rocks, leaves, dried flowers, yarn, grass, and wool!

STEP 2:

Build the structure for your bug home! You can use wood, cardboard, or paper. Assemble the pieces with hot glue. Try to make the shape of a shoebox with no lid.

STEP 3:

Make sure your materials fit tightly inside the box! With white glue, stick your materials into the compartment until everything is snug. You may need to use hot glue for heavier objects, like rocks. Let dry.

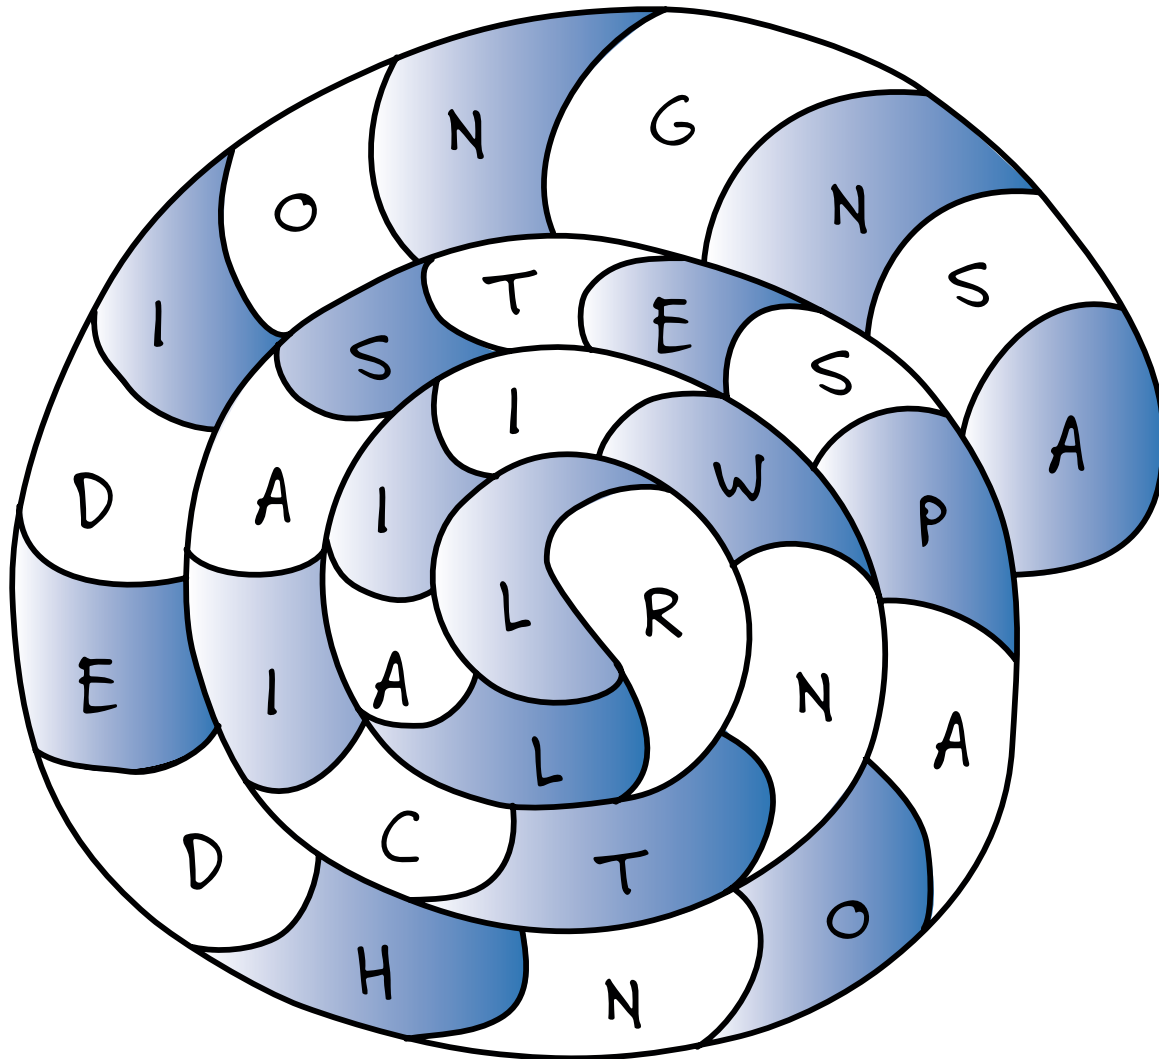

STEP 4:

Place it outside for bugs to live in! (You may want to keep it away from your doors.) How many different types of insects can you find?

VORTEX RIDDLE

A twister has sucked up the answer to this riddle! Start on the outside and work your way to the center of the vortex. Write down only every other letter. When you get to the center, go back in the other direction and write down the letters you didn't the first time.

Why does Annie carry a
leash with her umbrella?

ANSWER

Annie hopes it will rain cats and dogs

DRAW YOUR OWN MAGIC TREE HOUSE COVER!

Use the space below or a separate piece of paper to draw a Magic Tree House cover of your very own.

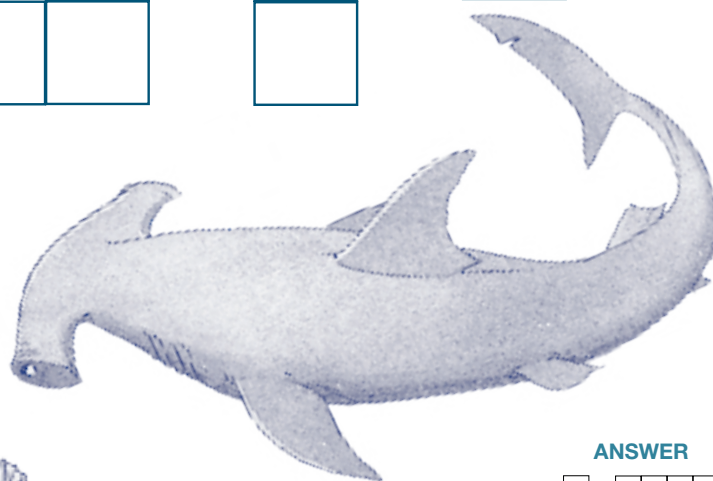

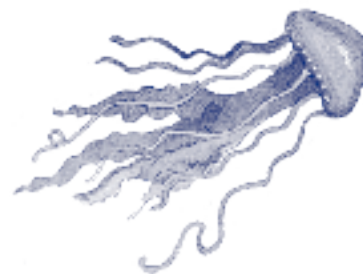

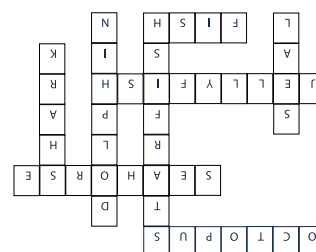

OCEAN CROSSWORD

Can you fill the puzzle with the names of all the animals pictured below?
Print out this sheet to test your vocabulary skills!
