

BEST CHRISTMAS EVER!

Santa Slaw Is Always Watching

Instructions

- Pick one person to be the facilitator. They won't play the game, but they will choose 3 to 5 Santa Slaws to come up to the front of the room.
- The facilitator will then tell everyone to close their eyes and put their thumbs up.
- The Santa Slaws will walk around the room and each pick one person's thumb to put down.
- Once each Santa Slaw has put a friend's thumb down, have them return to the front.

- The facilitator can then tell everyone to open their eyes.
- Now it's time for the kids whose thumbs were pressed to stand up and guess which Santa Slaw chose them.
- If they guess correctly, they get to swap places with the person who chose them and be a new Santa Slaw!
- Once everyone has guessed, the game is repeated.
- MOST iMPORTANTLY: NO PEEKING!

Wrapping Memory Teaser

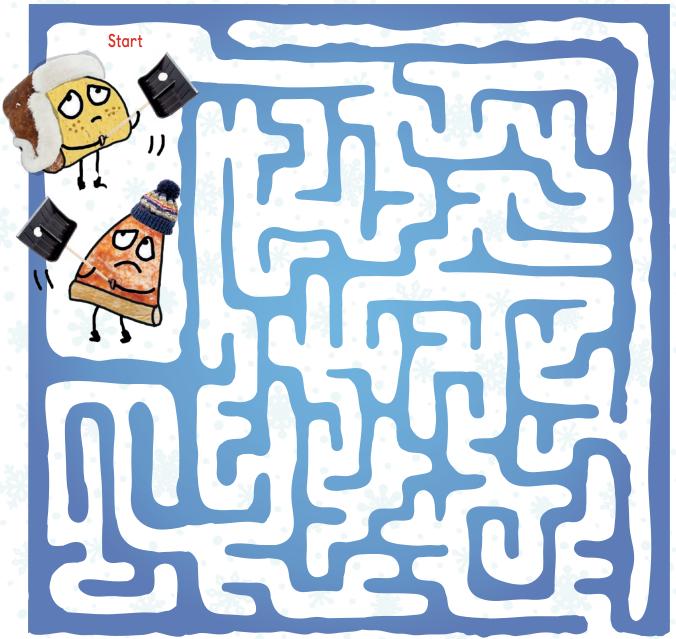

Instructions

Christmas is right around the corner, so it's time to practice your wrapping skills. Have each person imagine what they are wrapping and one at a time, act out how you'd wrap your item and place it under the tree. The next person needs to wrap the first person's item and their own, and the third person will continue the pattern, and so on. For example, if the person next to you wrapped a giraffe, you have to stand really tall and mime wrapping the neck and get all of the legs! This game will test your memory and creativity, so the sillier the present and wrapping, the easier it will be for your friends to recall.

Snewed In!
