(YOUR NICKNAME,  
OR K-POP GROUP NAME)

# Meet the Girls

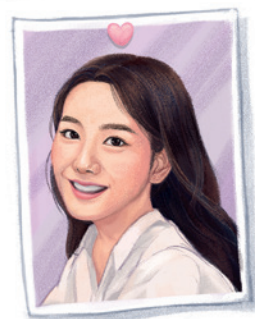

Match the girls' portraits with their names!

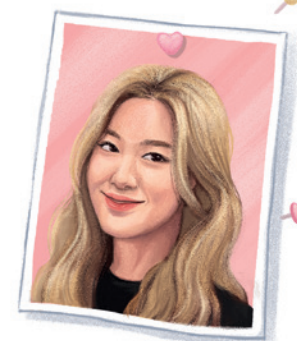

**Jisoo**

**Rosé**

**Lisa**

**Jennie**

**Jennie:** Jennie lived in New Zealand before she became part of BLACKPINK. She is the group's main rapper and a lead vocalist. Jennie has a fluffy brown Pomeranian dog named Kuma, named after the Japanese word for *bear*!

**Jisoo:** Jisoo grew up in South Korea. She is a lead vocalist known for her huskier tones. Jisoo once made up a funny nickname for herself—"Jisoo Turtle Rabbit Kim"—and Blinks loved it!

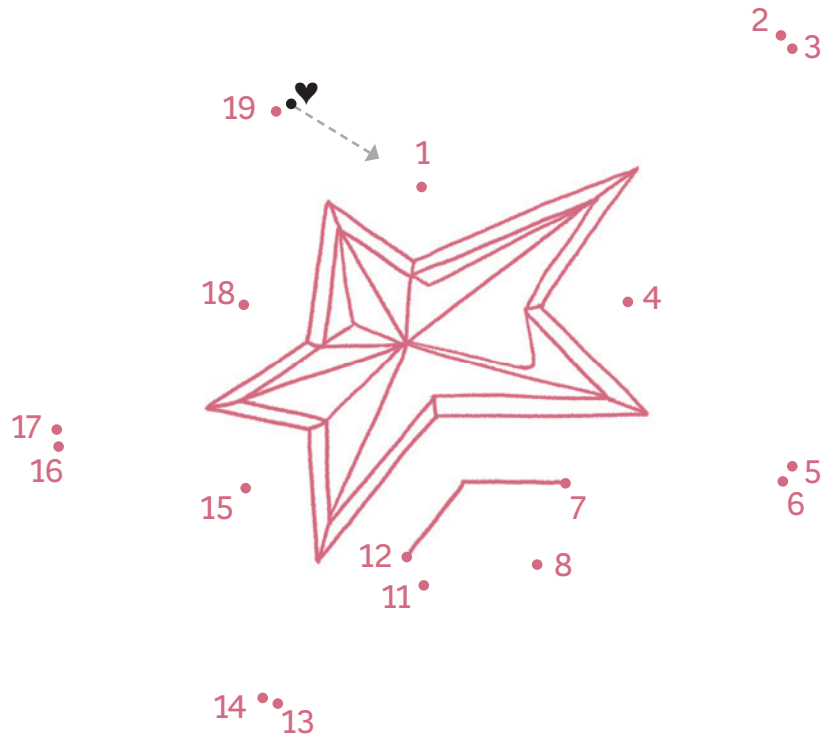

**Rosé:** Rosé was born in New Zealand and grew up in Australia. She is BLACKPINK's main vocalist and also plays guitar. Rosé often shines with her bright blonde hair. She is very gentle and caring... and is the member who cries most easily!

**Lisa:** Lisa is the only Thai member of BLACKPINK and the youngest, or *maknae*, of the group. She is the group's main dancer and a lead rapper. Lisa is full of energy and always knows how to lift everyone's mood with her bright energy.

# Connect-the-Dots

Start at the black heart. Connect the numbers in order, then go back to the black heart to discover each member's icon!

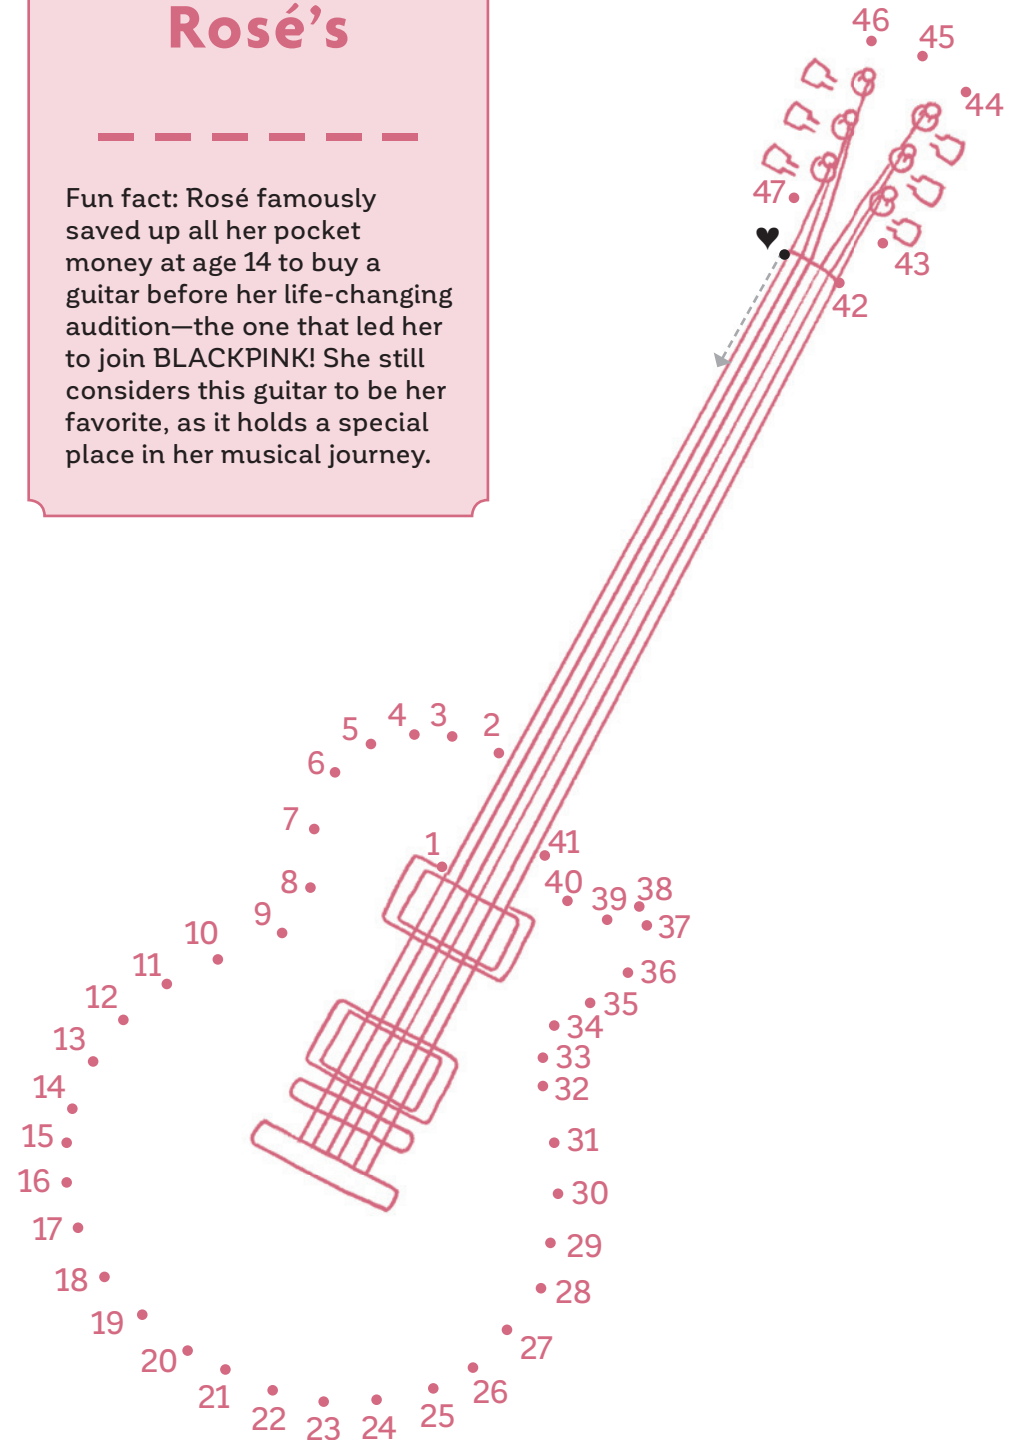

## Lisa's

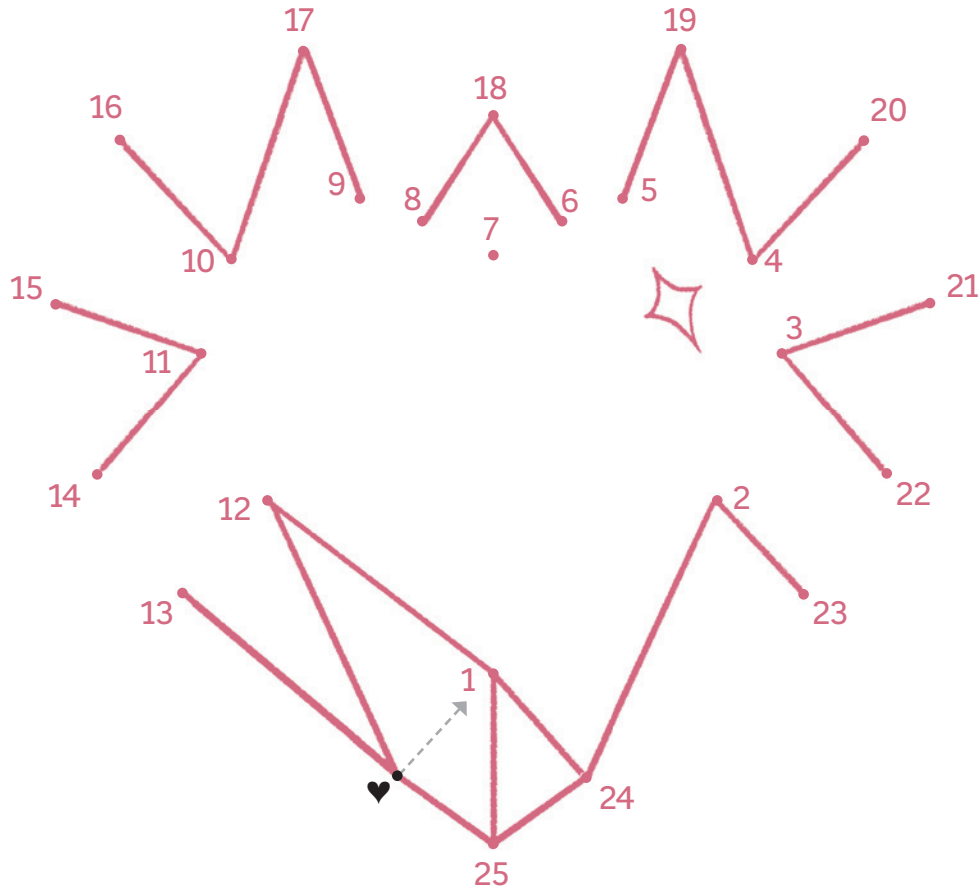

Fun fact: For her new solo album, "Alter Ego," Lisa became five different superstars in one! The album logo was a special five-point star where each point represented one of her "alter egos," or the fun characters she can be. There's cool and confident Roxi, bright and confident Sunni, playful trickster Kiki, fast and energetic Speedi, and magical and mysterious Vixi.

## Rosé's

Fun fact: Rosé famously saved up all her pocket money at age 14 to buy a guitar before her life-changing audition—the one that led her to join BLACKPINK! She still considers this guitar to be her favorite, as it holds a special place in her musical journey.

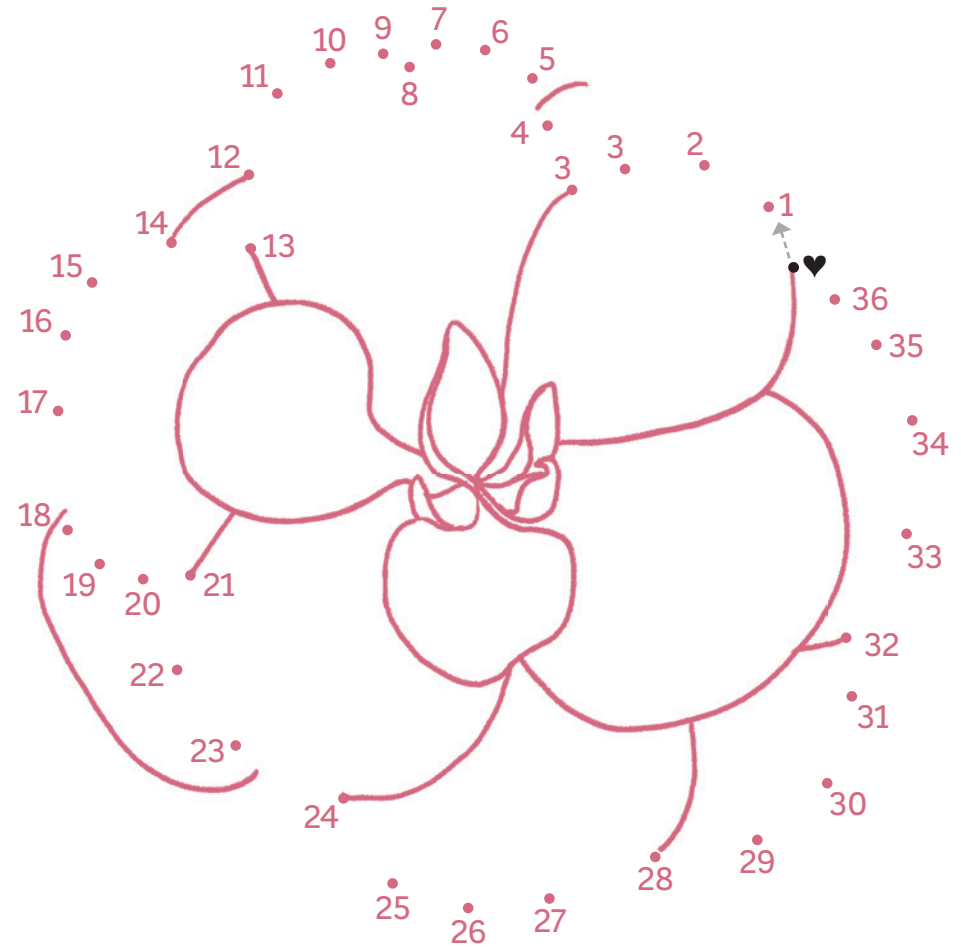

## Connect-the-Dots (cont.)

### Jennie's \_ \_ \_ \_

Fun fact: Jennie's middle name is Ruby, just like the shiny red gemstone. Rubies are rare and special, and they represent love and confidence. That makes the name perfect for Jennie—she shines bright on stage like a precious jewel. Ruby is also the name of her first solo album!

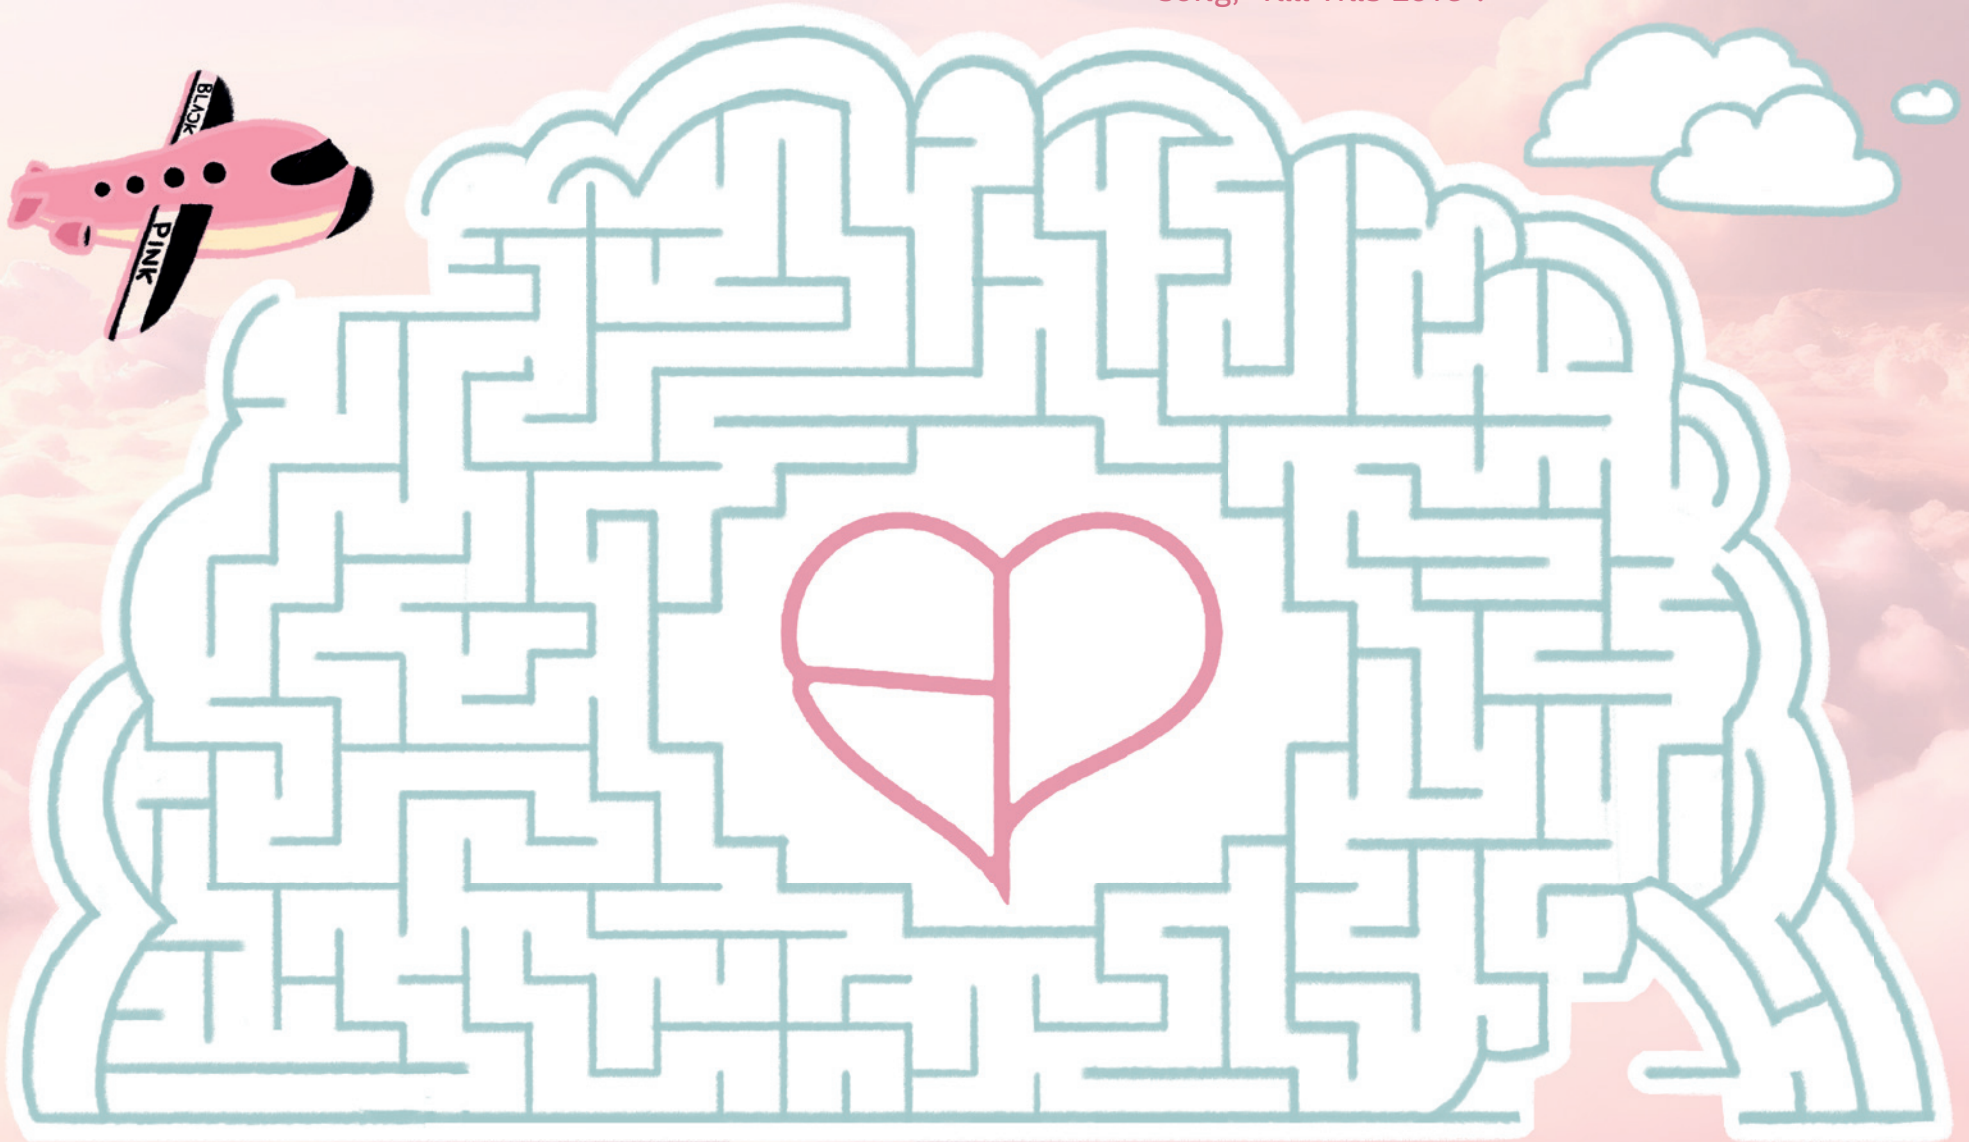

### Jisoo's \_ \_ \_ \_ \_

Fun fact: The flower represents beauty, love, and quiet strength—just like Jisoo's graceful charm and warm personality. Plus, "Flower" was the name of her first solo song, making it her signature in both style and story.

# Coachella Maze

Make your way through the cloud maze to help BLACKPINK reach Coachella to perform their hit song, "Kill This Love"!
