INSIDE THE TREE HOUSE

A MINI MAGAZINE OF FUN FOR BIG MAGIC TREE HOUSE® FANS!

AROUND THE WORLD WITH JACK AND ANNIE!

PREHISTORIC

Jack and Annie come across a mysterious tree house while walking in the woods near their home in Frog Creek, Pennsylvania. But where did the tree house come from?

Before Jack and Annie can find out, the mysterious tree house whisks them to the past—the Cretaceous Period, over 65 million years ago! They find themselves in a valley filled with dinosaurs, and they encounter animals long extinct. Now they have to figure out how to get home. Can they do it before dark . . . or will they become a dinosaur's dinner?

Soar into the first Magic Tree House adventure in *Dinosaurs Before Dark*!

EUROPEAN HISTORY, MIDDLE AGES

A castle. A knight. A quest! The magic tree house whisks Jack and Annie away to the Middle Ages—a period between ancient and modern times. The Middle Ages were a period of change, but also a time of warring kingdoms.

Jack and Annie are on a mission, looking for a knight—a type of soldier during the Middle Ages. Instead, they find the great hall of a castle where a feast is under way. But Jack and Annie aren't exactly welcome guests!

Live the adventure in *The Knight at Dawn*!

CREATE YOUR OWN PAPYRUS PAPER

Ancient Egyptians made a paper-like substance called papyrus. Now you can create paper, too!

WHAT YOU'LL NEED:

- Brown paper bag
- Wax paper
- Bowl
- 1/4 cup of glue
- 1/4 cup of water
- Stir stick

Ask a grown-up's permission before using scissors!

STEP 1: Take the brown paper bag and rip it into one-inch-wide strips of equal length. Lay out a sheet of wax paper to be used later.

STEP 2: In a bowl, mix the water and glue together. Stir with your stick until fully blended.

STEP 3: Dip the paper bag strips into the glue mixture, making sure each strip is completely coated. You can use the stir stick to remove any excess glue.

STEP 4: Lay half of the strips side by side on the wax paper, letting them overlap a little. Place the remaining half of strips perpendicular over the top of the bottom layer. Let dry overnight.

Now you have a version of papyrus paper like the ancient Egyptians made!

TRIVIA TIME DINOSAUR EDITION

Think you know all you need to know about dinosaurs?
Well, test your brains below!

You can play trivia by yourself or with your family! If you're playing with your family, have someone "host" the trivia night. They can read the questions, you can write down your answers, and the host will let you know the correct answers! Each question can count as a point.

The person with the most points wins!

Connect the Dots

Knights were brave heroes who used shields as part of their armor. Connect the dots to reveal the shield.

DESIGN A FLAG

Flags are very important, whether you're a knight, a pirate, or a viking. Design your own with this activity!

What you'll need:

- Construction paper
- Drawing utensils
- Tape or glue
- Wooden stick

Step 1: Take a piece of construction paper that is any color of your choosing. You can also take a piece of white paper and color it in. Plan out how you want your flag to look. What shapes do you want to have on it? Will there be stripes, stars, or animals? Where would you want your flag to fly: on a castle, a pirate ship, or a viking boat? Maybe somewhere else?

Step 2: Use your imagination and decorate the flag!

Step: Once you have finished decorating, take a wooden stick (such as a Popsicle stick) to create a pole. Tape or glue the stick to the back of your flag. Now you can wave your flag proudly!
